**Contaminated drinking water in Delhi**

2071. SHRI AMAR SINGH: Will the Minister of URBAN DEVELOPMENT be pleased to state:

(a) whether it is a fact that in a number of colonies of the National Capital Territory of Delhi, water pipelines, which were laid about two decades ago, have been damaged to a considerable degree which often result in the contamination of drinking water;

(b) if so, whether Government propose to replace them in the near future and if so, the details thereof,

(c) whether Government's attention has been drawn to a number of incidents of Jaundice and other water borne diseases reported recently and if so, the details thereof, and

(d) what is Government's reaction thereto?

THE MINISTER OF URBAN DEVELOPMENT (SHRI GHULAM NABI AZAD): (a) The Delhi Jal Board (DJB) has reported that some portions of water lines might have been damaged over the years due to constant use. However, the DJB has identified the problem areas and an Action Plan is under implementation to replace such damaged pipes in a phased manner.

(b) The Delhi Jal Board has reported that during the last three years they have replaced 817 km. of pipelines. During the year 2004-05, 200 kms. of pipelines is targeted for replacement.

(c) and (d) While no case of Jaundice etc. has been reported by DJB, it has informed that action is taken by them to ensure supply of potable and wholesome water. Water samples are checked jointly by MCD (Health Department) and DJB staff. Proper monitoring of all the water lines is being done by DJB.
